

Inspections

Requesting Building Inspections

Building Inspections received by 5 p.m., Monday through Friday, will be performed the next business day. Building inspections related to building construction must be called into Bureau Veritas at 877-837-8775. Inspection requests can also be faxed to 877-837-8859 or emailed to inspectionstx@us.bureauveritas.com. When all inspections are completed, a final inspection shall be made prior to approving the permanent power release. The final inspection must be passed prior to occupancy of the building. Permit packet must be on site at the time of inspection.

Fire Alarm & Sprinkler Inspections

Fire alarm and fire sprinkler inspections will be performed by Bureau Veritas and they can be reached at 877-837-8775.

Infrastructure Inspections

Inspections for driveways, culverts, and all water and sewer related issues must be requested through the City Public Works Department at 972-427-3771.
